# Our SERVICES

## CASA SOLAN

Presenting CASA Solan, a distinguished vessel owned by CASA Shipping proudly registered in Doha, Qatar. Originally named SVITZER AL SAFLIYA, it was crafted by Strategic Marine (S) Pte. Ltd in 2006, boasting a strong aluminum hull.

With fuel oil, fresh water, and chemical tank capacities of 26.6 m<sup>3</sup>, 22.7 m<sup>3</sup>, and 6 m<sup>3</sup> respectively, CASA-I ensures extended voyage provisions. Its deck layout includes a spacious 67 m<sup>2</sup> aft deck with a 2T/m<sup>2</sup> loading capacity, featuring a HIAB 022T-2 crane and a HYPAC HHAW15-32 anchor winch.

Lloyd's Register is certified with notation +100A1 SSC Mono, HSC, G6, it upholds top safety and quality standards. Propelled by twin CAT C32 engines (1081 KW each) and a Side Power SP550 bow thruster, it offers exceptional maneuverability.

Measuring 31.0 meters LOA, 7.5 meters beam, and 3.01 meters depth, CASA Solan comfortably accommodates up to 50 individuals, featuring 8 bunks in 4 cabins and seating for 36 passengers on deck. Essential equipment includes generators, firefighting pumps, air compressors, navigation aids, and comprehensive radio communication, ensuring safety, comfort, and efficiency onboard.

## CASA BAROG

Introducing CASA Barog, the latest addition to CASA Shipping's fleet, proudly registered in Doha, Qatar. Crafted by Strategic Marine (S) Pte. Ltd. in 2006, this aluminum-hulled vessel, bearing hull number 144 and Official Number 306/10, is designed for versatile wellhead maintenance and crew supply.

With tank capacities of 26.6 m<sup>3</sup> for fuel oil, 22.7 m<sup>3</sup> for fresh water, and 6 m<sup>3</sup> for chemicals, Casa Barog ensures extended maritime operations. Its deck layout includes a spacious 67 m<sup>2</sup> aft deck, bearing a 2T/m<sup>2</sup> loading capacity, featuring a HIAB 026T crane and a HYPAC HHAW1516 anchor winch.

Certified by Lloyd's Register with notation +100A1 SSC, Work Boat, Mono, HSC, G6, CASA Barog upholds rigorous safety and quality standards. Propelled by twin CAT C32 engines, it reaches speeds of up to 20 knots at 100% MCR.

Measuring 31.0 meters LOA, 7.5 meters beam, and 3.01 meters depth, CASA Barog comfortably accommodates up to 50 individuals, with essential ancillary equipment ensuring safety, comfort, and efficiency onboard. Its comprehensive radio communication and navigation equipment enhance operational capabilities, making it a reliable vessel for various maritime tasks.

# Our SERVICES

## CASA CHAIL

Introducing CASA Chail, a versatile vessel owned by CASA Shipping and registered in Doha, Qatar. Constructed in 2006 by Strategic Marine (S) Pte. Ltd., formerly known as SVITZER AL SHAQAB, it boasts hull number 145 and Official Number 305/10. Certified by Lloyd's Register, CASA Chail features tank capacities of 26.6 m<sup>3</sup> for fuel oil, 22.7 m<sup>3</sup> for fresh water, and 6 m<sup>3</sup> for chemicals, catering to extended maritime operations.

With a spacious deck layout, including a HIAB 022T-2 crane and HYPAC HHAW1516 anchor winch, CASA Chail is well-equipped for diverse marine tasks. Powered by twin CAT C32 engines, it reaches speeds of up to 20 knots, supported by a Side Power SP550 bow thruster for maneuverability.

Accommodating up to 50 individuals, CASA Chail offers comfortable amenities, including 8 bunks across 4 cabins and seating for 36 passengers on deck. Equipped with comprehensive radio communication and navigation systems, such as VHF/DSC radio, AIS, SART, EPIRB, radar, compasses, and GPS, CASA Chail ensures safe navigation in various sea conditions.

## CASA DAGSHAI

Introducing the CASA Dagshai, a flagship vessel owned by CASA Shipping, representing excellence in maritime operations and safety. Built in 2012, it holds a robust classification of MECAL, MCA Cat 3, adhering to top industry standards. Registered in Doha, Qatar, with registration number 18842 and MMSI number 466521690, it's a trusted name in the maritime community.

Measuring 8.0 meters LOA, 3.35 meters beam, and 1.2 meters draft, it accommodates up to 10 passengers comfortably. With an approximate tonnage of 4.5 GRT, it's sturdy and seaworthy.

Powered by a Volvo D6 engine, derated to 240hp for efficiency, it achieves 3.5 knots survey speed and cruising speed of 10 to 12 knots. Equipped with a 5kW electrical generator and 350-liter fuel capacity, ensuring uninterrupted operations.

Navigation systems feature Garmin radar, chart plotter, echo sounder, VHF, and AIS, while communication includes iCOM IC-M411 VHF and Ooredoo 4G. Safety features 10 life jackets, emergency radios, fire extinguishers, and pyrotechnic signaling devices for passenger and crew well-being.

# Our SERVICES

## CASA SUBATHU

Introducing the CASA Subathu, owned by CASA Shipping, a vessel renowned for reliability and performance. Built in 1999, it's classified under MCA Cat 2, embodying maritime excellence. With MMSI number 466509500 and call sign A7D6745, it's trusted in the industry.

Measuring 9.5 meters LOA, with a beam of 3.6 meters and draft of 1 meter, it offers stability for 10 passengers. With 8 GRT tonnage, it's robust and seaworthy.

Powered by Twin 6BTA Cummins Diesel Main engine with the Hamilton water jet propulsion, it achieves 7 knots survey speed. Equipped with a Sole Diesel Genset 10 GSC generator for continuous power.

Features include Raytheon radar, Garmin chart plotter, Jotron TR 8000 AIS, Marine NAVICO, Garmin VHF radios, and Ooredoo 4G connectivity.

Safety features include a life raft, 10 life jackets, and handheld emergency radios. Comfortable cockpit amenities include a helmsman console, freshwater tank, benches, power sockets, and a portable toilet, ensuring an enjoyable experience.

## CASA DELGI

Introducing the CASA DELGI, a versatile inflatable raft owned by CASA Shipping, designed for exceptional performance and reliability on the water. With Quicksilver branding and sturdy PVC construction, this raft is built to withstand maritime adventures. Measuring 3.65 meters in length and 1.70 meters in beam, it accommodates up to 6 passengers, ideal for leisure outings.

The CASA DELGI ensures stability and buoyancy in various water conditions, featuring 12mm thick PVC material with a density of 1250g/m<sup>2</sup> for strength and resilience.

Powered by a reliable Mercury 8 HP, 4-stroke engine (serial number 1R074536), with a maximum horsepower of 25 and a shaft length of 15 inches, the raft offers smooth navigation.

Safety is prioritized with an AIS identifier M-TRAC AT-2200 for tracking and communication, along with six life jackets onboard for passenger safety during every journey.
